Loxley Hall School  
Stafford Road  
Uttoxeter  
ST14 8RS

Dear Mrs Bullock

A heartfelt thank you from stem4 to your school and all the students for the donation of £140 from your cake sale during Mental Health Week. **stem4** is run by a dedicated team of part-time staff and volunteers, enabling overheads to be kept to a minimum. All money raised and donated to **stem4** goes towards meeting our aim of improving teenage mental health by stemming commonly occurring mental health issues at an early stage.

We do this by sharing information through our website, our award-winning 'Calm Harm' app, educational videos and workshops/conferences. Thanks to our generous supporters **stem4** has been able to deliver school workshops to over 10,000 students, 5,000 teachers and 6,000 parents and has allowed us to host a number of highly successful conferences with more scheduled in the near future. Our Calm Harm app has currently got over 700 thousand downloads.

Thank you once again for supporting us.

Yours sincerely

Dr Nihara Krause  
Founder, **stem4**
